

Carousel
CAROUSEL RSS

Carousel's RSS feature helps you add content to your digital signage network with ease by giving you access to thousands of useful RSS content sources, and by automatically formatting the text for your Carousel Player.

DIGITAL SIGNAGE & BROADCAST
tightrope media systems

WHY USE CAROUSEL RSS?

- :: Add RSS content to your digital signage network with ease
- :: Use your internal RSS feeds, or grab them from the internet
- :: Provides a great source of dynamic, relevant content for your digital signage network
- :: Use free RSS feeds from government agencies for current weather conditions, severe weather alerts and weather forecasts, customized by location
- :: Live road and traffic conditions, live news feeds, live sports scores, entertainment, and more...
- :: Content filtering prevents objectionable material from reaching your screens

KEY FEATURES

- :: Easily consume any RSS feed
- :: Limit feeds by the number of items, or by the number of pages
- :: Keyword or phrase filtering
- :: Displays crawl and text RSS messages, full screen or in custom zones
- :: Automatic formatting for full screen messages

Compatible with RSS, RSS .91, .92, 1.0 and 2.0 / Included with every Carousel system.
